

Recruit Quebec 5 Star ratings breakdown

1 Star:

Not enough is known about the athlete to rank them accurately

2 Star:

Athlete has little to no pro potential. They are usually undersized for their position or playing out of their position. They struggle when matched up against other elite athletes. They do not possess the size, skill set or athletic ability to play at current level. More information may be needed regarding this athlete.

3 Star:

Athlete has shown the potential to compete for a starting role at the U SPORTS college level. Has the size, skill set and athletic ability to compete at the U SPORTS Level. These athletes struggle when matched up against the 4- or 5-star athletes. Has shown signs of pro potential but inconsistent play at current level.

4 Star:

Athlete has shown pro potential. Can compete at the NCAA division 1 level and become a valuable asset over their college career. Athlete has the right skill set and size and athletic ability to play their position. Could end up being all Canadian and a difference maker in a U SPORTS program. One of the top players in Quebec

5 Star:

Athlete has excellent pro potential. Can excel at the NCAA division 1 level and contribute as a freshman and become an impact player. Shows an exceptional skill set with the ability to impact a game in a way others can't. This athlete has the size, skill set and athletic ability to compete at current position at the college level.
